County of Los Angeles

Dear Supervisors:

ADOPTED

BOARD OF SUPERVISORS
COUNTY OF LOS ANGELES

32 August 7, 2018

CELIA ZAVALA
ACTING EXECUTIVE OFFICER

**APPROVE AN AGREEMENT WITH
ORANGE, RIVERSIDE AND SAN DIEGO COUNTIES FOR ONGOING OWNERSHIP AND
MAINTENANCE OF THE ELECTRONIC RECORDING DELIVERY SYSTEM
(ALL DISTRICTS) (3 VOTES)**

**CIO RECOMMENDATION: APPROVE (X) APPROVE WITH MODIFICATION ()
DISAPPROVE ()**

SUBJECT

The Registrar-Recorder/County Clerk (RR/CC) requests approval of a five (5) year agreement (Attachment I) with the counties of Orange, Riverside, and San Diego (Owners) for the continued ownership and maintenance of the Statewide Electronic Courier Universal Recording Environment Electronic Recording Delivery System (hereinafter "SECURE" and "ERDS"). The current agreement expires on August 18, 2018. SECURE enhanced the County's recording process by eliminating a manual paper based recording process and made it more efficient and effective through automated web based technology for Title Companies and Government Agencies.

IT IS RECOMMENDED THAT THE BOARD:

1. Authorize the Department Head, or designee, to execute the attached five (5) year Multi-County agreement ("Agreement") (Attachment I) for Los Angeles County ("County") to continue its participation with the counties of Orange, Riverside and San Diego in the ownership and maintenance of SECURE beginning on August 20, 2018 and expiring on August 19, 2023.
2. Delegate authority to the Department Head, or designee, to negotiate and execute amendments

provided that County Counsel approval is obtained.

3. Delegate authority to the Department Head, or designee, to execute amendments to increase contract sum up to 10% of the contract sum.
4. Delegate authority to the Department Head, or designee, to terminate the contract as necessary provided that County Counsel approval is obtained.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

AB 578 (Gov. Code, §§ 27390-27399), authorized county recorders in California to accept digitized electronic documents and certain digital electronic documents for recordation pursuant to the provisions and regulations developed by the Department of Justice (DOJ). Electronic recording provides authorized submitters (title insurers, underwritten Title Companies, institutional lenders, and government entities) with the ability to submit digitized and certain digital documents electronically through a single portal to various participating counties. The program has enabled the counties to improve and modernize its systems of recording and handling real property documents by permitting the delivery, recording, and return of real property documents electronically. The ability to electronically record documents reduces processing time, staff workload, and material costs associated with managing paper copies and manually maintaining databases

The Orange County Clerk-Recorder purchased the ownership rights to SECURE, an electronic recording delivery system. In 2008, your Board authorized the County to enter into the Multi-County Agreement which provided Los Angeles County with an equal ownership of SECURE. The 2008 Multi-County Agreement was a collaborative effort between the counties of Los Angeles, Orange, Riverside and San Diego to allow authorized statewide and national submitters to record documents electronically via a portal. Owner counties pay an annual base fee of \$50,000 and a \$.30 per document fee and have an equal vote in any decisions, including but not limited to, enhancements, modifications, and maintenance to SECURE. Participating counties pay a sign-up fee and a \$.30 per document fee, but they don't have voting rights.

The attached Agreement ensures continued equal ownership of SECURE with shared maintenance costs, and will maintain a proven level of efficiency ushered in by the 2008 Multi-County Agreement. The benefits of this portal include reduced cost to individual counties, efficient communication between Northern and Southern California title companies and service providers, and quicker, streamlined recording confirmation times for title companies and other submitters.

In 2014, the SECURE V3 Government to Government (G2G) Multi-County Electronic Recording Delivery System (ERDS) was launched to provide additional enhancements and features to the existing program in place for Los Angeles County since 2009. As part of this effort, RRCC technical staff re-architected the software in its entirety. SECURE V3 is an innovative, user-friendly, and cost-effective solution designed to deliver electronic recordable documents. The first of its kind to be implemented in the United States, SECURE provides a convenient, centralized submission point for G2G local, state and federal agencies doing business with Los Angeles and nine other California County Recorders (including Orange, Riverside, San Diego, Ventura, Santa Barbara, etc.). The G2G platform allows for government agencies to submit documents electronically for recording using a streamlined system that connects multiple Counties to Government Agencies using a single web interface.

To date, SECURE continues to enable customers submitting significant numbers of documents for recording, to do so by computer, receive direct communication from the County Recorder, and monitor recording status' via computer. It also enhances the document recording services provided to financial and real estate customers by making it easier, faster and more cost effective. Further, the SECURE facilitates the recording process by dramatically reducing the processing time, staff workload, and material costs associated with managing paper copies. Continuing to partner with Southern California counties by way of the attached Agreement to share in the ownership and maintenance of SECURE is cost effective and enables a more efficient and timely document recording process.

Implementation of Strategic Plan Goals

This request supports the County Strategic Plan as follows:

Strategy III.2.3 – Prioritize and Implement Technology Initiatives That Enhance Service Delivery and Increase Efficiency: Ensure that service delivery systems are efficient, effective, and goal-oriented. SECURE provides users a technologically sound means to record real property documents electronically and facilitates information sharing with other participating counties.

FISCAL IMPACT/FINANCING

This agreement will be funded via the Multi-County e-Recording Project Special Revenue Fund. Pursuant to AB 578, a county recorder implementing an electronic recording delivery system may assess an additional fee of up to \$1.00 to defray the cost of SECURE. On November 12, 2008, your Board approved the establishment of a \$1.00 fee for recorded real property documents. In December 2008, the RR/CC began collecting the aforementioned fee. The revenue collected is accounted for in the Multi-County e-Recording Project Special Revenue Fund with all related program expenses charged to the dedicated fund. Annual maintenance cost, and any future cost will be offset by revenue from the \$1.00 statutory surcharge which will be assessed on recorded real property documents. The RR/CC anticipates collecting approximately \$1.5 million in revenue per fiscal year.

The Agreement requires each County to pay an annual base fee of \$50,000. In addition, there is a \$.30 per recorded document fee for the ownership, maintenance and support of SECURE. RRCC currently estimates approximately 1.5 million recordings per year at a cost of \$450,000. Total annual cost of the Agreement is \$500,000 with an overall not to exceed aggregate amount for all Owners of \$10 million.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The Electronic Recording Delivery Act of 2004 (AB 578) was signed into law on September 21, 2004. The act added Article 6 (commencing with Section 27390) to Chapter 6 of Division 2 of Title 3 of the Government Code relating to county recorders, making an appropriation therefore, and declaring the urgency thereof, to take effect immediately. The legislative action authorized county recorders to establish electronic recording systems for the electronic recording of digitized and certain digital real property documents and requires the Department of Justice (DOJ) to develop regulations for review, approval, and oversight of the program. AB 578 required a Memorandum of Understanding (MOU) with the State; approval by resolution of the Board of Supervisors; and required interested counties

to submit a Letter of Intent to the DOJ. The RR/CC submitted the Letter of Intent to the DOJ on June 17, 2005 and upon Board authorization on August 30, 2005, executed the MOU with the DOJ on November 3, 2005. The MOU with the DOJ was for one year and automatically renews in one-year increments unless terminated by either party.

CONTRACTING PROCESS

The Agreement was developed in collaboration between the respective county counsels for each Owner county. This is a government to government collaboration. There was no additional contracting process associated with the recommended Agreement.

The Chief Executive Office has reviewed and approved this Board letter. County Counsel has reviewed this Board letter and approved the Multi-County Agreement as to form. The Chief Information Office (CIO) has reviewed and approved this Board Letter. The CIO determined this recommended action contains no new Information Technology (IT) specifics. Therefore, no formal CIO Analysis is required.

The Living Wage Program (County Code Chapter 2.201) does not apply to the recommended Agreement.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

County's participation in the Agreement provides Los Angeles County with a cost effective means to electronically record real property documents. Electronic recording is paperless to the County. The delivery, recording, document maintenance, and return to the submitter, is all done electronically. It reduces cost to the County by transferring responsibility for mailing the recorded documents to real property owners back to the submitter.

Further, LEAD COUNTY agrees to include a similar right to the OWNERS to audit records and interview staff of any subcontractor related to performance of this Agreement.

If such approval, funding or appropriations are not forthcoming, or are otherwise limited, OWNERS may terminate or modify this Agreement without penalty.

The LEAD COUNTY will not be responsible for any expenditure overruns and will not pay for work exceeding the dollar limit on the Agreement unless an amendment to cover those costs has been executed as provided in Section IV. C. to this Agreement.

A. Not-To-Exceed Compensation:

LEAD COUNTY, shall annually collect fees from OWNERS, and record in a separate fund designated for SECURE. OWNERS shall pay to LEAD COUNTY for performance of this Agreement the not-to-exceed amount of **\$10,000,000** for LEAD COUNTY's approved work in accordance with the Scope of Services and as calculated under Section B, below. LEAD COUNTY shall only be entitled to payment for work as directed by OWNERS and completed by LEAD COUNTY within its Scope of Services as set forth in Attachment A. In no event shall LEAD COUNTY be entitled to compensation and reimbursement that would result in the total payment by the OWNERS under this Agreement exceeding **\$10,000,000** unless an amendment to this Agreement is approved by OWNERS, pursuant to the Section G. ("Changes") to this Agreement.

B. Calculation of Fees and Charges:

<u>Description</u>	<u>Rate</u>	<u>Total 5-year Contract Amount Not to Exceed</u>
Base Fee – Per Recorded Document	\$0.30	\$9,000,000.00
OWNERS Annual Fee – Per Year	\$50,000.00	\$1,000,000.00
Total Contract Amount – Five Year Term		\$10,000,000.00

"Base Fee – Per Recorded Documents" means what the counties reported to the Office of the Insurance Commissioner pursuant to Section 27296 of the Government Code, for the previous calendar year. The amounts will be transcribed from the annual letter issued by the State of California Department of Justice Electronic Recording Delivery System Program.

1. In the event SECURE's annual revenues exceed annual expenditures, the surplus shall be applied to any previous year's shortfall.
 - a. If there is no "carry over" shortfall, the surplus revenue amount will be proportionally split (the percentages derived from an OWNER county's annual recordings divided by the total annual recordings of all four OWNERS) between the OWNERS and credited to their subsequent year's invoices.
 - b. Any surplus at the end of the final year of the contract will be proportionally split (the percentages derived from an OWNER county's annual recordings divided by the total annual recordings of all four OWNERS) between the OWNERS and returned to each OWNER.
2. In the event SECURE's annual expenditures exceed annual revenues, any prior year surpluses will be used to offset the revenue shortfall.

- a. If a revenue shortfall cannot be offset by previous a year's revenue surplus, the amount of the shortfall will be proportionally split (the percentages derived from an OWNER county's annual recordings divided by the total annual recordings of all four OWNERS) between the OWNERS and assessed on a supplemental invoice.
3. In the event the not to exceed amount is reached during the term of the Agreement LEAD COUNTY shall notify OWNERS. LEAD COUNTY shall not invoice OWNERS for any amounts that would be in excess of the not to exceed amount.
 - a. Any surplus remaining shall be proportionally split between the OWNERS based on the percentages derived from an OWNER county's annual recordings divided by the total annual recordings of all four OWNERS and multiplied by the surplus.
 - b. If there is a shortfall, LEAD COUNTY will not be responsible for any expenditure overruns and will not pay for work in excess of the not to exceed amount unless an amendment to cover those costs has been executed by the OWNERS.

C. Request for Payment:

LEAD COUNTY shall submit electronic invoices to each OWNER for services under this Agreement no later than March 31st of each year. The invoices shall include customary information including, but not limited to:
