January 19, 2010

The Honorable Board of Supervisors
County of Los Angeles
383 Kenneth Hahn Hall of Administration
500 West Temple Street
Los Angeles, California 90012

Dear Supervisors:

**RESOLUTION FOR COUNTY PARTICIPATION IN
VOTECAL STATEWIDE VOTER REGISTRATION SYSTEM PROJECT
UNDER THE HELP AMERICA VOTE ACT OF 2002
(All Supervisorial Districts) (3 Votes Required)**

SUBJECT

Adopt Resolution authorizing County participation with the California Secretary of State (SOS) in the VoteCal Statewide Voter Registration System Project, a requirement of the Help America Vote Act of 2002 (HAVA), under the administration of the SOS and for the purpose of assisting County's compliance with the mandates of HAVA Section 303(a).

IT IS RECOMMENDED THAT YOUR BOARD:

1. Adopt the attached Resolution (Attachment I) authorizing the County's participation in the VoteCal Statewide Voter Registration System Project (VoteCal Project) as needed and to its completion under the direction and administration of the SOS.
2. Approve the State of California Standard Agreement Number 09G30349 (Agreement) (Attachment II) with the SOS attached as Exhibit I to the Resolution effective upon contract execution through December 31, 2011 which provides the terms and conditions for SOS project administration, County participation, and requirements for County cost reimbursement up to approximately \$37,934.55.

3. Delegate authority to Registrar-Recorder/County Clerk, or his designee, to conduct all negotiations, execute and submit all documents including, but not limited to applications, State of California Standard Agreement with attachments, payment requests and so on, which may be necessary for the completion of the VoteCal Statewide Voter Registration System Project subject to the review and approval of County Counsel prior to execution of any such agreements.

PURPOSE/JUSTIFICATION OF THE RECOMMENDED ACTION:

Board adoption of the Resolution will allow County to actively participate in a consultant capacity in the design, development, and implementation of the statewide voter registration system as required under HAVA which was enacted to improve administration of elections. Section 303(a) requires each state election official implement a single, uniform official, centralized, interactive computerized statewide voter registration list, defined, maintained, and administered at the state level that contains the names and registration information of every legally registered voter in the State. The ability to actively participate and provide input into this Statewide System that will affect every election jurisdiction in the state will prove invaluable to the County.

Implementation of Strategic Plan Goals

Goal 1: OPERATIONAL EFFECTIVENESS: Maximize the effectiveness of processes, structure, and operations to support timely delivery of customer-oriented and efficient public services.

Strategy 2: Service Excellence and Organization Effectiveness: a. Streamline and improve administrative operations and processes; and

Strategy 5: Information Technology: Promote, share and coordinate information technology services, which are cost-effective, reliable, accessible, and secure, to achieve operational improvements and County business goals.

The VoteCal System will integrate with every election management system in the state to provide a single, uniform, interactive computerized Statewide voter registration on every legally registered voter in the State. The system will be defined, maintained, and administered by the SOS. County participation in the project will ensure the needs of Los Angeles County, the largest election jurisdiction in the nation, are addressed and incorporated in the new statewide voter registration system, thereby providing the public and other election jurisdictions with an efficient and effective centralized voter registration system.

FISCAL IMPACT/FINANCING:

In accordance with the Agreement, County will participate in workshops and meetings and discovery sessions and submit staff wages, employee benefits, travel, transportation, and meal expenses to the SOS for HAVA reimbursement up to \$37,934.55. The SOS also has a contingency plan in the event that County expenses exceed the contract budgeted amount. At this time, any additional County cost is unknown, however, all County cost will be submitted to SOS for reimbursement.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS:

The Help America Vote Act of 2002 was enacted to improve administration of elections and requires each state election official implement a single, uniform, official, centralized, interactive computerized statewide voter registration list, defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state. HAVA also designates the responsibility for the system and the administration of federal HAVA funds to the SOS.

The SOS has secured federal HAVA funding to reimburse counties for their participation in implementing the federally required VoteCal system, which replaces the existing CalVoter registration database which was found not in compliance with HAVA by the US Department of Justice in 2005. The State thereafter initiated an interim solution while expediting the VoteCal Project. The SOS will house the official VoteCal database. County election management systems (EMS) will be modified to work directly with VoteCal and counties will continue to use their EMS to process voter registration and manage elections. In a transmittal letter dated November 19, 2009, the SOS, provided the Registrar-Recorder/County Clerk with Agreement Number 09G30349 (Exhibit I to Resolution) for County review and requires a Board Resolution as the authority to enter into the Agreement.

The purpose of the Agreement is to request County participation in VoteCal Project activities such as workshops and meetings to provide project education, transition planning, and assisting the VoteCal project team. In the discovery sessions, County will work closely with the VoteCal system integrator to provide an in depth walkthrough of the planned system design and provide input from County elections and IT staff in advance of final system design. The VoteCal system integrator is also working closely with many of California's EMS vendors. County's participation will represent the interests of California counties throughout the State. The discovery sessions are anticipated to begin in early 2010.

The VoteCal Project will benefit the public and governmental agencies responsible for election activities throughout the state. The SOS will reimburse County for related expenses in accordance to the Agreement, up to \$37,934.55 to compensate County in providing subject matter experts for this federally required project. In the event that County exceeds the contract budgeted amount, the SOS has the option to request additional funds from the control agencies and Legislature. All County expenses will be submitted for HAVA reimbursement.

HAVA will also provide funding for any changes required to the County's EMS including County processing and EMS integration to the VoteCal System, upgrades to County infrastructure as necessary, etc. These tasks and any other tasks needed to fully complete the VoteCal Project will be forthcoming in separate agreements from the SOS.

County Counsel and CEO have reviewed and approved this Board letter. County Counsel has reviewed the State's Standard Agreement Number 09G30349 and approved as to form.

CONTRACTING PROCESS

The State of California provided its standard form agreement for County review and acceptance. There was no contracting process. The Agreement is not a Proposition A contract and therefore not subject to the Living Wage Program (County Code Chapter 2.201).

IMPACT ON CURRENT SERVICES (OR PROJECTS):

County participation in the VoteCal Project will provide valuable input in the design and implementation of the statewide voter registration system to benefit voter registration and the election process.

CONCLUSION

Upon adoption of the Resolution, it is requested that the Executive Officer/Clerk of the Board return one adopted stamped copy of the approved Board letter to:

SCOPE OF WORK**

A. NAME OF PROJECT

This project shall be known as "VoteCal Statewide Voter Registration System Project."

B. PURPOSE OF AGREEMENT

The purpose of this Agreement is to provide the County of Los Angeles ("County") with federal funds ("HAVA funds"), CFDA Number 90.401, administered by the U.S. Election Assistance Commission (EAC), to assist the County in, or reimburse the County for, complying with the requirements of Section 303 (a) of the Help America Vote Act of 2002 (P.L. 107-252) ("HAVA"), subject to the provisions of this Agreement and all requirements of state and federal law, regulations and procedures. Section 303(a) of HAVA requires that each state election official implement a single, uniform, official, centralized, interactive computerized statewide voter registration list, defined, maintained, and administered at the state level that contains the name and registration information of every legally registered voter in the state.

The provisions of this Agreement are to be interpreted to further this purpose and County compliance with the mandates of HAVA Section 303(a).

Secretary of State (SOS), requests County participation in the following activities:

1. Workshops and Meetings. Attendance and participation in informational workshops and advisory meetings conducted as necessary for the purposes of project education, transition planning, and assisting the VoteCal project team. Meetings will be scheduled by the VoteCal Project Manager as needed. For the workshops and meetings involving travel, VoteCal will reimburse County, as specified in Section D, paragraph 1 below.
2. Discovery Sessions. In order to effectively manage county input into the VoteCal design, the Secretary of State (SOS), with input from the California Association of Clerks and Elections Officials (CACEO), will select counties to represent all California counties in VoteCal "Discovery" sessions. Participants will be expected to represent the interests of California counties similar to their own, not just the needs of their specific county. Los Angeles County is one of the counties selected to participate in Discovery sessions. These sessions have been designed by the VoteCal systems integrator to provide a more in-depth walkthrough of the planned system design and to gather comments and questions from county-level elections and IT staff in advance of final systems design. Although not anticipated at this time, participants may be asked to review project material in preparation for the Discovery sessions. Discovery Sessions will be three (3) days each week for five (5) weeks. Sessions will start in the first quarter of 2010. Experience in the county's elections program or in its elections-related IT systems are the only required skill sets. Selected participants must be able to travel overnight. For the Discovery sessions, VoteCal will reimburse selected counties as specified in Section D, paragraph 2 below.

As a condition of participation, County's employee(s) will be expected to comply with all SOS and VoteCal Project policies related to confidentiality, privacy, use of the Internet and e-mail, sexual harassment, and political activities. The VoteCal Project Director will be the project contact for any questions about the participation of the County's employee(s) on the VoteCal Project.

3. VoteCal System Training. County will assign their elections staff to participate in regionally-based training sessions to learn the VoteCal system. The VoteCal Project currently estimates training will consist of one (1) training day per staff member provided on the same day in two 3-hour sessions. This training approach is subject to change. For the regional VoteCal training sessions, VoteCal will reimburse County as specified in Section D, paragraph 3 below.

**EXHIBIT A
SCOPE OF WORK**

4. EMS Modification Training. County will assign their elections staff to participate in local training sessions conducted by their elections management system (EMS) provider to learn about VoteCal-mandated modifications to the County's EMS. For the EMS training sessions, VoteCal will reimburse County as specified in Section D, paragraph 4 below.
5. Data Conversion, Correction and Verification and VoteCal Implementation. County will assign their elections staff to participate in data format and accuracy validation activities prior to upload of County data to the centralized statewide database. Activities will likely include reviewing data samples for data format, accuracy and other errors that might occur when County data is migrated into the VoteCal-compliant database structure; correcting these errors; and revalidating final versions of County data. The current data conversion approach expects County to assign staff full time for approximately 15 days and ½ time for approximately 15 days (30 days total). County may also have to make some modifications to their in-house procedures to accommodate VoteCal-required changes. VoteCal will reimburse County as specified in Section D, paragraph 5 below.
6. Pilot Testing and Implementation. In order to ensure the VoteCal system and VoteCal's training, conversion and implementation approaches are appropriate to small, medium and large counties across California, selected counties undergoing local elections will be invited to act as pilot counties for the VoteCal system. If County is selected as a pilot, County will implement a compliant version of their EMS system; conduct conversion, validation and verification of County data; and receive training on the system and associated business procedures. Pilot counties will begin using the VoteCal system as their production system in a designated election in advance of other California counties. Counties participating in the pilots will have the opportunity to help refine training and implementation procedures for the statewide rollout. VoteCal will reimburse County as specified in Section D, paragraph 6 below.

ADDITIONAL PROVISIONS

SECRETARY OF STATE POLICY REGARDING POLITICAL ACTIVITY IN THE WORKPLACE

The Secretary of State is the state's chief elections officer. It is, therefore, imperative that staff in the Secretary of State's Office, and those who contract with the Secretary of State's Office, refrain from engaging in any political activity that might call into question the office's impartiality with respect to handling election issues. Accordingly, the policy of the Secretary of State's Office with respect to political activity in the workplace, a copy of which will be given to every employee in the Secretary of State's office, is as follows:

A. No employee of or contractor with the Secretary of State's Office shall engage in political campaign-related activities on state-compensated or federal-compensated time, except as required by official duties, such as answering inquiries from the public. This prohibition shall not apply while an employee is on approved vacation or approved annual leave. This prohibition shall not apply to activities engaged in during the personal time of an employee.

B. No employee of or contractor with the Secretary of State's Office shall use any state property in connection with political campaign activities. It is strictly prohibited to schedule political campaign-related meetings or to conduct Secretary of State political campaign-related meetings in state office space, even if after normal working hours.

C. No employee of or contractor with the Secretary of State's Office shall use his or her official status with the Secretary of State's Office to influence political campaign-related activities or to confer support for or indicate opposition to a candidate or measure at any level of government.

D. No employee of or contractor with the Secretary of State's Office may be involved with political campaign-related telephone calls, letters, meetings or other political campaign-related activities on state-compensated or federal-compensated time. Requests by employees to switch to alternative work schedules, such as 4-10-40 or 9-8-80 work weeks, or to take vacation in order to accommodate political campaign-related activities or to attend political campaign functions, will be judged in the same manner and on the same basis as any other requests of this nature (i.e., existing needs of the office and discretion of the division chiefs).

E. The receipt or delivery of political campaign contributions or photocopies thereof on state property is strictly prohibited, as is the use of office time or state resources (e.g., intra-office mail or fax machines) to solicit or transmit political campaign contributions.

F. No employee of or contractor with the Secretary of State's Office may authorize any person to use his or her affiliation with the Secretary of State's Office in an attempt to suggest that the employee's or contractor's support or opposition to a nomination or an election for office or a ballot measure is of an "official," as distinguished from private, character.

G. No employee of or contractor with the Secretary of State's Office may display political campaign-related buttons, posters, or similar materials in areas visible to individuals who are in public areas of the Secretary of State's Office; nor may an employee of or contractor with the Secretary of State's Office display political campaign-related posters or other materials on windows facing out of the state office building.

EXHIBIT E

I. No employee of or contractor with the Secretary of State's Office may directly or indirectly coerce or solicit contributions from subordinates in support of or in opposition to an election or nomination for office or a ballot measure.

J. An employee who is paid either partially or fully with federal funds, including the Help America Vote Act of 2002 (HAVA), is subject to the Secretary of State provisions of the federal Hatch Act, and is, therefore, prohibited from being a candidate for public office in a partisan election, as defined in the federal Hatch Act. However, any employee who is to be paid either partially or fully with funds pursuant to HAVA shall first be consulted about the proposed funding and be informed about the prohibitions of the federal Hatch Act. The employee, whenever possible, shall be given the opportunity to engage in employment that does not involve HAVA funding. Provisions limiting participation in political campaign-related activities as provided for in this policy statement shall be included in every contract with the Secretary of State's Office.

If you have questions concerning these restrictions, please refer them to your contract manager.
